

*Ovis (Latin for sheep) .... is a small lot of wine that pays homage to the flock of sheep that help control the cover crops and weeds in the vineyards. The sheep and the dedicated Great Pyrenees guard dogs are the foundation of Clay Shannon's sustainable farming practices. His love of protecting mother earth creates fertile lands that produce this extraordinary wine that he and his family offer to you with pride.*

# OVIS

## CABERNET SAUVIGNON

### VINTAGE 2015

The highs and lows of the 2015 vintage took us by surprise. Spring went from cool temps to 100°F, followed by torrential rain storms. High humidity created some vine stress, then the fires came and went. To our luck, no damage was done to our vines or vineyards and 2015 seems to be one of the most concentrated vintages yet.

### TASTING NOTES

From 2 Napa mountain vineyards we have produced this rich, wonderfully aromatic and mouth filling wine. This wine aged more than 2 years in barrel to let the fruit components and tannin meld naturally. Aromas of dark fruits, dried herbs, cassis and black pepper fuse with the flavors of dried fruits, sweet tobacco, anise and cedar that resonates up through the glass. Take the time to savor each sip. Slow wine is the best wine.

Cabernet Sauvignon Napa Valley
